FOR IMMEDIATE RELEASE

APA Certifications Abound at GTM

GTM is proud to recognize its newest CPP & FPC Certified Payroll Professionals

CLIFTON PARK, NY – (November 29, 2010) – GTM Payroll Services Inc. – the fast-growing Clifton Park-based leader of payroll and human resource management for businesses and household employers – is pleased to recognize its newest Certified Payroll Professionals (CPP) & Fundamental Professional Certification (FPC) professionals, as they advance the company's mission to provide the highest levels of quality service to its clients and partners through its ongoing education program.

Recently, Erin Bandaru, Household Client Service Manager, and Evelyn Grassman, Client Service Representative, each achieved their CPP designation. The CPP designation is the highest level of accreditation awarded by the APA, and is based on a candidate's level of payroll-related experience and management-level work. The CPP formally recognizes payroll professionals who promote the standard for payroll professionals, encourage professional growth, excel in all aspects of taxation and tax reporting, MIS, human resources (including benefits), and accounting, as each of these relate to the payroll environment, and who continue to meet the requirements of the APA Certification Board's CPP Committee.

Additionally, Karen Ryan, Household Payroll Sales Consultant, and Laura Forgea, New Accounts Representative, have each achieved their FPC designation as awarded by the American Payroll Association. The FPC designation is awarded to individuals based on comprehensive payroll knowledge, skills & abilities in the payroll profession; including operations, paycheck concepts, tax reporting and accounting, and professional payroll skills.

Guy Maddalone, CEO of GTM Payroll Services, noted, "We are committed to furthering our employees' professional development and have put into practice such educational programs that are aligned with The American Payroll Association's goals which include: promoting the highest standards for payroll practitioners; encouraging professional growth; providing the standard of requisite knowledge; and formally recognizing colleagues who continue to meet and exceed the requirements set forth by the APA."

Collectively, GTM now brings more than 250+ combined years of payroll industry experience – including twelve professionals with CPP and FPC certifications and the company's SAS-70 Type II certification – to handle every payroll, tax, human resources or insurance needs.
