GTM ACHIEVES SAS-70 TYPE II CERTIFICATION

GTM Once Again Passes Rigorous Audit

CLIFTON PARK, NY – (November 22, 2010) – GTM Payroll Services Inc. – the fast growing Clifton Park based leader of payroll and human resource management for businesses and household employers – announced that once again the company has achieved third-party validation under the SAS-70 Type II certification.

Discussing the certification, CEO of GTM Payroll Services, Guy Maddalone commented, "This SAS-70 certification is a testament that our clients can be confident that when working with GTM, our management controls have been tested to the highest levels of scrutiny of an independent auditor examination. As a result they can remain confident in our commitment to reliability, security and overall protection of client matters."

The SAS-70 certification is an internationally-recognized standard developed by the American Institute of Certified Public Accountants (AICPA) that is recognizable as a mark of service quality. GTM's SAS-70 Type II certification provides assurances regarding specific control objectives designed to meet their customers' unique needs. The SAS-70 Type II certification reflects the accuracy of GTM's documentation in relation to its corporate policies and the extent to which they govern the company's day-to-day management, personnel controls, infrastructure and security controls.

"We are proud to have met and exceeded the rigorous requirements of the Type II certification. Our entire team works diligently to ensure that GTM's operations continue to uphold and adhere to the principles set forth by the AICPA," added Todd Maddalone, Vice President of Operations at GTM. "This certification is just one more example of our on-going commitment to maintaining the highest standards of security, transparency and compliance for our partners and clients."

The audit of GTM Payroll Services Inc. was completed by a nationally-recognized, independent auditing firm with extensive experience in examining payroll service bureau organizations for control objectives and activities throughout the organization. A formal report including the auditor's opinion ("Service Auditor's Report") was issued to GTM's management at the conclusion of the annual SAS-70 Type II audit.
