

FOR IMMEDIATE RELEASE

GTM Team Members Achieve APA Certifications

GTM is pleased to recognize our CPP & FPC Certified Payroll Professionals!

CLIFTON PARK, NY – (April 26, 2010) – GTM Payroll Services Inc. – the fast-growing Clifton Park-based leader of payroll and human resource management for businesses and household employers – is pleased to recognize their newest Certified Payroll Professionals (CPP) & Fundamental Professional Certification (FPC) professionals, as they continue in providing the highest levels of quality service to GTM's clients and partners.

Earlier this month, Claudia Fitzgerald, Client Services Manager; Scott Caldwell, Client Support Professional; and Kate Wolfe, Business Service Leader, each achieved their CPP designation. Additionally, Dan Schuth, National Sales Director; Michael Maddalone, Senior Account Executive; Ed Courcelle, Account Executive; Jonita Rodriquez, Household Payroll Sales Consultant; and Lushawn Murphy, Household Payroll Administrator, have each achieved their FPC designation as awarded by the American Payroll Association.

The CPP designation is the highest level of accreditation awarded by the APA, and is based on a candidate's level of payroll-related experience and management-level work. The CPP formally recognizes payroll professionals who promote the standard for payroll professionals, encourage professional growth, excel in all aspects of taxation and tax reporting, MIS, human resources (including benefits), and accounting, as each of these relate to the payroll environment, and who continue to meet the requirements of the APA Certification Board's CPP Committee. The FPC designation is awarded to individuals based on comprehensive payroll knowledge, skills & abilities in the payroll profession; including operations, paycheck concepts, tax reporting and accounting, and professional payroll skills.

"Our commitment to developing our employees' careers with GTM is aligned with The American Payroll Association's goals which include: promote the highest standards for payroll practitioners; encourage professional growth; provide the standard of requisite knowledge; and formally recognizes colleagues who continue to meet and exceed the requirements set forth by the APA," said Guy Maddalone, CEO of GTM Payroll Services Inc.

Collectively, GTM now brings more than 250+ years of payroll industry experience, including professionals with CPP and FPC certifications, backed by the company's SAS-70 Type II certification, to handle every payroll, tax, human resources or insurance needs.
