GTM GOES GREEN

GTM Payroll Services begins to offer Paperless Payroll Solutions for Households

CLIFTON PARK, NY – (October 20, 2008) – GTM has begun a better, “greener” approach to handling client household payroll and tax filing needs. GTM clients now enjoy even more options and an easier way to manage their accounts online.

By leveraging cutting-edge technologies, GTM developed a Paperless Payroll Solution, enabling clients to retrieve secure payroll reports online, 24 hours a day/ 7 days a week.

GTM's Paperless Payroll provides clients with remote access to its paperless document storage and retrieval system, multi-layered security, and an easy-to-use, intuitive interface for accessing resources and account services. With GTM's Paperless Payroll, clients easily view current or past pay stubs, update account and employee information, including direct deposit and W-4 withholdings. Clients also gained the ability to retrieve current and historical reports online (up to 1 year) with ease; in addition to the ability to send pay stubs to employees.

GTM's “green” solution provides paperless features that help households handle routine payroll matters quickly and easily via their online personal homepage. Whether clients prefer GTM's new paperless solution or opt to receive printed reports each pay cycle, a robust reporting solution will handle all of their individual needs.

“Like all services that GTM offers, security and privacy within our Paperless Payroll environment are of paramount importance,” noted Todd Maddalone, Vice President of Operations. “When employers choose GTM's Paperless Payroll Solution they know that their information and employee's data is protected by multiple layers of security, including web site encryption. In fact, any time clients login to their online account, they are in a secure, encrypted area of our online database site.”

By providing a paperless alternative for clients, GTM saves clients time and money by reducing energy costs, paper waste and carbon-footprints on the environment...Giving clients yet another reason to feel even better about the decisions they make when managing their households.
