

GTM PAYROLL SERVICES MAKES PRESTIGIOUS 2007 INC. 5,000 LIST ADDS NEW HR SERVICES TO ACCELERATE FUTURE GROWTH!

CLIFTON PARK, NY – (September 14, 2007) – Inc. Magazine recently ranked GTM Payroll Services number 3,103 on its first-ever Inc. 5,000 list of the fastest-growing private companies in the country. The Inc. 5,000 recognizes the fastest growing entrepreneurial companies who could be tomorrow's next Google, IBM or AT&T. Taken as a whole, these companies represent the backbone of the U.S. economy.

GTM Payroll Services has been growing aggressively over the past five years by building on its niche base of household payroll and human resource services, leading the nanny payroll, eldercare, and homecare payroll tax service market. The company also offers business payroll services in addition to work-life services under the premium brands, Tech Valley Payroll, A New England Nanny, and GTM Household Employment Experts. The company is headquartered in Clifton Park, New York, with affiliate partners located throughout the country.

"GTM is proud to be recognized as one of the bright stars in the Tech Valley, our commitment to strategic growth has benefited our clients and employees, and has set the stage for significant future growth around our core products," stated Guy Maddalone, CEO of the company.

In addition to GTM, the INC. 5000 featured ten other regional technology, professional and service-related businesses. The 2007 rankings are measured on revenue growth from 2003 through 2006. Complete information on this year's Inc. 5,000, can be found at www.inc.com/inc5000.

To further accelerate its growth, GTM has added HR Services that can be bundled with business payroll processing, including Employee Handbooks, HR Support Services, HR Audits, Payroll Audits, and Benefit Audits.

"As businesses continue to deal with changing employment laws and increased oversight, the need for competent HR compliance and accurate reporting is critical," added Maddalone. "GTM can support any sized company, but typically it is the small business that encounters an HR problem and has an immediate need for the proper instruction and employee policy assistance included in these new HR Service offerings."
